

Eastern Idaho Volleyball Association

U10-U12 Serving Rules

- U10 players can come up to where they feel comfortable but must be behind the 10-foot line. After 5 consecutive serves by one player it is automatically a side out.
- U12 players can come up to 10 feet in front of the end line
- We are encouraging both ages groups to go back as far as they can.
- This is an experimental rule this year, which can be changed at any time if teams abuse the right to come up closer. If a player can serve behind the serving line they should be serving from there.
- The goal is to get the player behind the end line, but we know some don't have the strength.
- Once a player has had a couple of successful attempts, they need to move back a couple of steps. Keep doing this so one player doesn't monopolize the whole game **(This is the coach's responsibility not the referee's)**
- If your team is abusing the right to move up, the whole team will be required to move behind the end line.
- We hope for kindness and fair play when it comes to serving. Push your players to become better and to serve from farther back. This is a developmental league to help the players find success and have a fun at the same time.

IT IS NEVER FUN WHEN PEOPLE ARE ARGUING!
